- **NOVICE 8 RACES:** Teams must have an entry in the First Novice 8 race before they may enter the Second Novice 8 race.
- **RACE DISTANCE:** 1.7 miles on the Little Arkansas River through Riverside Park.
- **COURSE:** The course will be fully buoyed from start to finish. Arches on the bridges will have markers showing warm-up and race lanes. Caution must be exercised by all crews in regards to bridges and buoyed shallow areas.
- **SCHEDULE:** Boats will not be allowed to row outside their scheduled times. Any boat missing its assigned starting position because of being late to the line is assigned a late penalty (10 seconds). If the boat arrives before the last boat in its event has started, it may race with the assigned penalty. If the boat arrives after the last boat in its event has already departed, it may not race and sequenced after a subsequent race to return to the return dock.
- **FINISH LINE:** After crossing the finish line, continue downstream 100 meters to make room for all boats finishing the race after you.
- **BOWMARKERS:** To insure proper identification of crews, bow markers are required on all boats. Bowmarkers will be provided and must be returned to dockmaster immediately after the race has concluded. Crews failing to return Bowmarkers will be assessed a \$5.00 fee.
- **BOAT REQUIREMENTS:** Bow balls consistent with U.S. Rowing Rules of Rowing are required on all racing shells. Failure to have a bow ball will result in a scratch. For safety, quick heel release devices are also required on all boats. All of these items are the responsibility of the crew. Coaches are responsible for ensuring their athletes are familiar with rowing safety.

- **BUOY PENALTIES:** Buoy penalties will be assessed when the blades cross the buoy (red buoys) lines separating the return lanes from the race lanes. These penalties apply to boats in either the return or race lanes. Penalties will be assessed when the blades cross the shallow buoy (yellow buoys) lines while the boat is racing. Penalties are 10 seconds for each buoy.
- **OTHER PENALTIES:** Fail to yield = 30 second penalty; Interference = exclusion; Unsportsmanlike conduct = disqualification. Definitions are per U.S. Rowing guidelines with final decision to assess penalty from regatta's chief official.

*****IMPORTANT***** Due to the narrowness of the Murdock Street Bridge, there is a no passing zone 200 meters north of the bridge through the bridge. An official will be placed 200 meters north of the bridge to monitor traffic flow. The overtaking boat must be at least even with the boat they are passing prior to the start of the no passing zone. **If boats pass in a no passing area, whether they interfere with another boat or not, the official may exclude them from that race's results.**

- **PROTESTS:** All protests must be made within 30 minutes of the finish of the race. A \$25.00 protest fee must be turned in at the registration table at the Riverside Tennis Center. The fee will be returned if the protest is upheld.
- **CALLING OF EVENTS:** First call of events will occur one hour prior to the event. Boats will launch in numerical order. It is the rowers/coxswains responsibility to launch on time. The race is a flying start, in single file. Line up in the staging area in order of your bow marker numbers from lowest to highest. Cross the starting line at race pace, as directed by the starter.
- **DOCKS:** Each crew will be allotted 90 seconds to launch or land their boat on the dock. Make your equipment adjustments in the boat storage area or on the water. No adjustments will be permitted on the dock.
- **SPORTSMANSHIP:** A crew may be excluded in an event's race if they show poor sportsmanship or use inappropriate language. Crew members/crews that are excessive violators may get disqualified from further events at this regatta.
- **OVERTAKING:** When passing another boat, the overtaking boat has the right of way, but is obliged to make it apparent to the boat ahead on which side it wishes to pass. The boat being overtaken must give the overtaking boat room to pass, usually on the inside corner. If, in the opinion of the officials, insufficient room is given, an interference penalty will be assessed. No boat should press its right of way to the point of collision. Respect for the safety of other competitors must be shown at all times.
